Better never stops...

11th April 2018

Dear Parents and Carers,

Filming for teacher CPD courses by STEM Learning

Our school has been selected as an exemplar school for teaching by an organisation called STEM (Science, Technology, Engineering and Mathematics) Learning Limited who are working with a small number of schools in the UK to prepare online learning materials to help other schools improve their teaching practice.

Part of this involves filming outstanding lessons, which STEM Learning will use to identify best practice in short videos on teaching techniques.

Your child's teacher s has been selected to be filmed this **Monday 16 April 2018**. The finished videos will form part of a free online course that will be offered via the FutureLearn platform (futurelearn.com). Images from the filming may be used for other educational purposes and related publicity.

For those parents who have already informed us they do not give permission for their child's image to be used we will not involve them in filming. Any other parents who do not want their child to be involved should return the slip below on Monday morning.

Many thanks,

D. Brown
Headteacher

Filming for teacher CPD courses by STEM Learning

I do not want my child to be involved in the filming in their class on Monday 16th April.

Child's Name _____

Signed _____
