4S online class games

- 4S Hive Game:** Monday 11:00am **code:** 557355
4S TT Rockstars Game: Friday 10:30am **Arena:** Wembley

IF you have finished the above, then you can move onto the activities below:

Activity 1

Reading Skills

Have a look at the books assigned on Reading Planet. I will post extracts on Classroom and on Padlet - Let's have an open conversation about them and share and discuss our ideas! If you need a new book let me know!

I have also attached reading comprehension sheets. There is one text but different levels of questions, so pick your challenge

Maths Skills

Use the White Rose problem sheets to solve questions on symmetry and describing positions on a graph. Remember to email me if you get stuck or if you need the answers!

Grammar/Punctuation /Spelling/Handwriting Skills

Use the program attached to create a word cloud, either all about yourself, or all about your class! To create your word cloud, think of as many different adjectives that you can that accurately describe either you or your class, depending on what you are focusing on!

Maths Skills

Have fun with these maths games, either by yourself or with your family!

Writing Task

Write your new teacher a letter, so that you can find out about your new teacher as well as letting them know all about you! To help you plan your ideas for the letter, use the topics on the template to help you! Feel free to add more if you wish.

	appropriately!		<p>If you do not want to use the program, don't worry! You can create your own one using paper and felt tip pens or coloured pencils. Just look at the example word clouds to help you design your own, following the instructions above! Have fun!</p>		
<p>Activity 2</p>	<p>Science</p> <p>Have a go at these fun science experiments this week! Have your end-of-year celebration with your very own homemade ice cream, or make a couple of hovercrafts and have a race!</p>	<p>Creative Activity</p> <p>Have a go at making celebratory pictures for the end of the year!</p> <p>Use the template and the instructions to create bubble art, or make your own designs or cards!</p>	<p>Well-Being Activity</p> <p>Reflect on your memories from this year, using this template of questions.</p> <p>Listen to some music while you're writing and smile!</p>	<p>Topic Activity (inc. an element of English skills)</p> <p>Have a go at this wordsearch and try to find all of your classmates! After you have completed it, you could save it as a nice keepsake for Year 4!</p> <p>Afterwards, try to make your own! Feel free to send it to me if you want me to try and complete it!</p>	<p>Topic Activity</p> <p>This is a good reflection task, thinking back to Year 4. I would like you to answer the questions and present the answers however you would like. You could send me a video, send an audio recording, write the answers down in lots of pretty colours or type them up.</p> <p>I will put all of the answers together to make one big presentation/poster that will reflect on your time in Year 4 and I will share it with you all.</p> <p>The more people that participate with this the better, so have fun!</p>
