6G online class games

6G Hive Game: Monday 11:30am code:

6G TT Rockstars Game: Friday 10:00am

Arena: Wembley

6P online class games

6P Hive Game: Friday 11:30am code:

6P TT Rockstars Game: Thursday 10:00am

Arena: Wembley

IF you have finished the above, then you can move onto the activities below:

Activity 1

Reading Skills

Comprehension Activity - based on two letters between 2 family members. Use your book and a pencil to record your answers to the questions.

Maths Skills

In today's lesson, we will be learning to find a percentage of an amount, including using efficient strategies and looking at the link between percentages and fractions. You'll need a pencil and your book or some paper.

Click on the link to get started:
<https://classroom.thenational.academy/lessons/problems-with-percentages-of-amounts>

Grammar/Punctuation/Spelling/Handwriting Skills:

For this session you will be looking at how to use semicolons to organise information when you are making leaflet.

Follow the link to access the lesson.
<https://www.bbc.co.uk/bitesize/articles/z98vtrd>

Maths Skills:

In today's lesson, we will learn to interpret pie charts. You'll need a pencil and your book or some paper.

Click on the link to get started:
<https://classroom.thenational.academy/lessons/interpret-pie-charts>

Writing Task

As year 6 pupils you know your school probably better than anyone else. You want children all over York to enjoy their primary experience just as much - if not more - than you have.

Plan a leaflet that advertises your school to potential new pupils. Remember to include all the important information they are going to need to know e.g. Timings of the day, school structure, uniform requirements, menu examples etc as well as the extras or things that make our school different / special e.g. trips, trampolining, allotment, no of after school clubs, Tour de Clifton, Greenfest, Bonfire Night etc . .

Activity 2

Topic Activity (inc. an element Maths/Science skills)

This week you have the chance to check/revise your scientific knowledge by completing the challenges on the BBC Earth Squad Go! Game. Follow the link below: <https://www.bbc.co.uk/bitesize/topics/z6bqkmn/articles/zj7s6v4>

Or on any of these online science activities: <http://www.crickweb.co.uk/ks2science.htm>

Which science topic was your favourite and why? Please comment on the Science padlet.

- (i) Evolution and Inheritance
- (ii) Animals and Classification
- (iii) The Human Heart and Circulatory System
- (iv) Light
- (v) Electricity

Did you have a favourite activity in particular?

Creative Activity

Imagine that your new secondary school is undergoing an image change, They have asked the new Year 7's to design a new school uniform to be adopted by everyone in September.

On a double page in your book, create your design for consideration. Think about what you will need to include on the uniform e.g. school name, school crest, or maybe you could include a school motto. How smart does the uniform have to be? Colours? What differences - if any - will there be for boys and girls? Winter/Summer? Draw both a boy and a girl wearing your new uniform.

Remember - your school will be identified by the public by it's uniform around the local area, what impression do you want to give off? HINT: You might need to Google your new schools badge.

Well-Being Activity

*Similar to the activity you did last week where you made a memory page of your time in Year 6, this week we are going to be reflecting on your whole time at Clifton Green. Use the document called: **A Reflection of my Time at School** to write or draw/add pictures to complete the various sections.*

Topic Activity (inc. an element of English skills)

Write a letter to your new form teacher at your Secondary school. What do you want them to know about you? You could tell them what you already know about the school and ask them something you don't know or you could ask about after school clubs or school trips . . . Don't be too informal when you write, remember this person is your teacher who you probably have not met before so this letter will be their first impression of you

Topic Activity

Watch this video clip:

<https://youtu.be/xT6ctrk3pVQ>

*Now use what you have seen, the Transition padlet that people contributed to last week and the information shared with you for FRIDAY's topic activity to **create a poster that has ten top tips for moving to secondary school.***

You can use either Google Slides or a page in your book and the design and decoration can be however you want it to be. (Feel free to change the design on the Slides)

Keep it safe and look at it again to remind yourself at the end of the Summer holidays or share your top tips with a friend who you know is a little worried about moving on.
