

## Remote Learning - Parent/Carer Guidance for EYFS and Year 1

If your child is absent from school for the following reasons, they will be recorded as an 'X' on the register and we will provide remote education:

- a child has shown symptoms and is awaiting a test/result **and is well enough to access learning**;
- a household member has symptoms or has tested positive and therefore the household is self-isolating;
- NHS Test and Trace has advised the child to self-isolate due to recent contact with a person testing positive for COVID-19;
- a child (or family member) are advised to shield themselves (if rates of infection rise locally or government guidance changes).

It is now a requirement that children access learning from home when they are not in school. At Clifton Green, this will be administered through Tapestry. **If you are unable to access Tapestry at home, please inform school immediately so support or alternative work can be provided.**

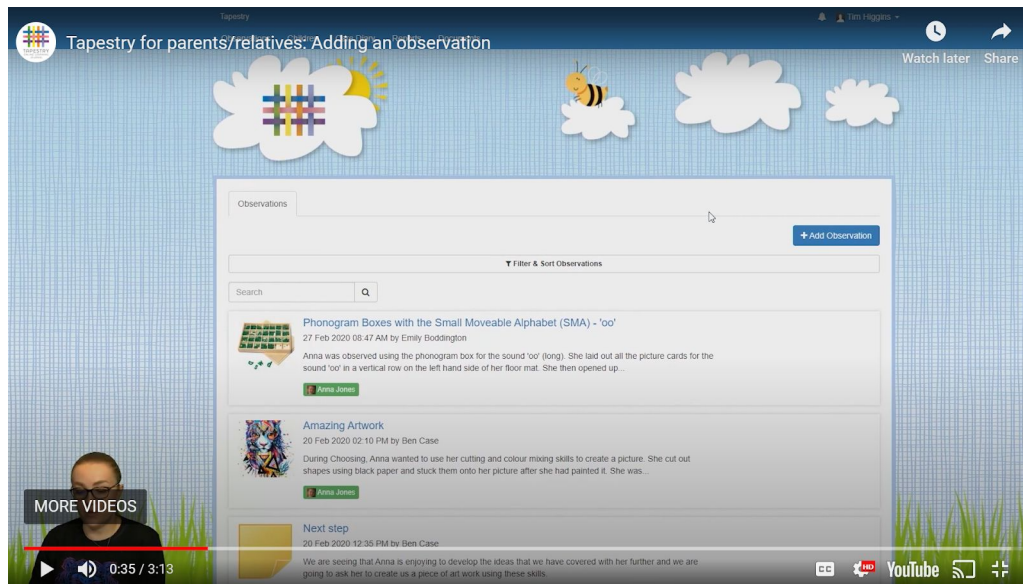

Your child's login details are as follows:

Website	Username	Password
<b>Tapestry</b> <a href="https://tapestryjournal.com/">https://tapestryjournal.com/</a>		
<b>Numbots</b> <a href="https://play.numbots.com">https://play.numbots.com</a>		
<b>Reading Planet</b> <a href="https://my.risingstars-uk.com/">https://my.risingstars-uk.com/</a>		<b>School code:</b> 502605

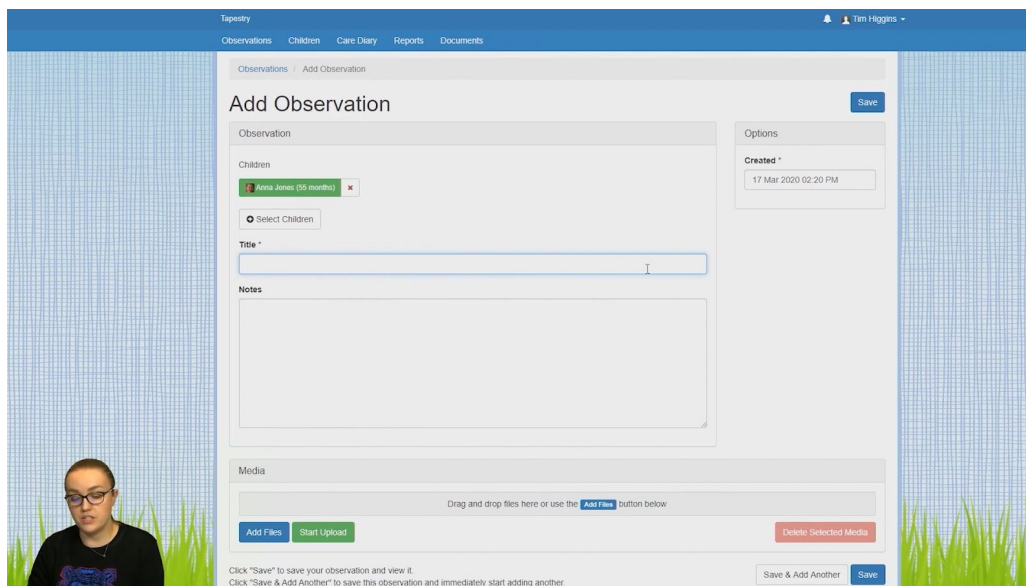

### Online Learning

- Each day, a teacher will contact your child on their individual Tapestry account;
- Each day, the emphasis should be on 15 minutes of the following:
  - NumBots
  - Reading practise (using a book or Reading Planet)
  - Phonics

- Additionally, instruction will be given for Maths, English and Wider Curriculum sessions (including Science). This will be made clear on your child's timetable (also shared on Tapestry).
- Teachers will provide links to the Oak National Academy resources and/or White Rose Maths work primarily as this has been designed for remote learning however additional school resources may be provided.
- Once children have completed work, please upload a photograph of it to your child's Tapestry account. Please see the images below showing how to upload a photograph:

Click 'Add Observation'

- Select your child's name.
- Write a title linked to your child's work that you are submitting.
- Press 'Add File' to download photographs.
- Then press 'save'.
